Baby News! Good News! Daniel Alexander Klemens was born August 27 (8 pounds even). Mother and newborn both doing well.

Bruce ends his note with "gotta run - I'm planning his routine to peak for the 2012 Olympics. Might as well do Erica's as well since Women's lifting will be in Games by then."

I forgot to mention the hard work of many workers at the Junior World Championships, especially Gail and Morris Weissbrot, Sarah and Dick Smith, and Peggy Hatch. As I mentioned in that write-up, I missed many people, but I've never bragged about having the perfect memory or loads of extra time to recollect.

Look for a new woman lifter from Danny Smith's North Carolina stable at the American Championships.

MINNESOTA BUILDING ON A STRONG FOUNDATION. Minnesota already has a great lifting program, with many Juniors and many experienced coaches and administrators. Brian Derwin writes:

"Minn LWC will have a newsletter coming out soon. We were able to get 8 sponsors at \$25 each per issue, to cover the cost. I was pleasantly surprised. National Sports Center in Blaine is 10 days ahead of schedule. We will hold our first meet there Jan 13, the Mn. State Weightlifting Championships. National Juniors should be fun. We have shuttle service to airport lined up and auxiliary hotel for those not accustomed to dorm life. Oct., Nov., and Dec. will be outreach season to get local people interested and get the C&J program off the ground." (---and Minnesota is running about half of the USA's national contests for the next two years. The 1988 Nationals were great. Denis Reno)
